TIMP1 Polyclonal antibody

Catalog Number: 16644-1-AP 74 Publications

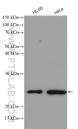

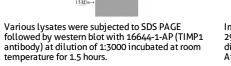

Basic Information	Catalog Number: 16644-1-AP	GenBank Accession Number: BC000866	Purification Method: Antigen affinity purification	
	Size: 150ul, Concentration: 500 µg/ml by Nanodrop; Source: Rabbit Isotype: IgG Immunogen Catalog Number: AG10006	GenelD (NCBI):	Recommended Dilutions: IF 1:200-1:800	
Applications	Tested Applications:	Positive Controls: IF : HT-29 cells,		
	IF, WB,ELISA Cited Applications: IF, IHC			
	Species Specificity: human			
	Cited Species: human, rabbit, bovine			
Background Information	TIMP1 is a member of the family of r TIMP2, TIMP3, and TIMP4). Tissue inf properties beyond their classical pro as modulation of angiogenesis, pron role in cell cycle regulation and canc expression of TIMP1 is associated wi papillary thyroid carcinoma, cutaned the process of implantation, particul	ibitors of metalloproteinases (TII teinase inhibitory function. TIMP: notion of cell proliferation, and in ter progression. Recently, clinical th an unfavorable prognosis in a bus melanoma and breast cancer. arly the cytotrophoblast invasion	I has several MMP-independent functions suc hibition of apoptosis. TIMP1 plays important studies have shown that the aberrant series of tumors, such as gastric cancer, In pregnancy, TIMP1 plays a regulatory role in of the uterine endometrium. In pregnancy,	
	TIMP1 is a member of the family of r TIMP2, TIMP3, and TIMP4). Tissue inh properties beyond their classical pro as modulation of angiogenesis, pron role in cell cycle regulation and canc expression of TIMP1 is associated wi papillary thyroid carcinoma, cutanec the process of implantation, particul. TIMP1 plays a regulatory role in the endometrium.	ibitors of metalloproteinases (TII teinase inhibitory function. TIMP: notion of cell proliferation, and in ter progression. In pregnancy, rly the cytotrophoblast invasion of the uterin Application IHC	

For technical support and original validation data for this product please contact:T: 1 (888) 4PTGLAB (1-888-478-4522) (toll freeE: proteintech@ptglab.comin USA), or 1(312) 455-8498 (outside USA)W: ptglab.com

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

Selected Validation Data

Immunofluorescent analysis of (4% PFA) fixed HT-29 cells using TIMP1 antibody (16644-1-AP) at dilution of 1:400 and CoraLite®488-Conjugated AffiniPure Goat Anti-Rabbit IgG(H+L).
