SKIN CONTACT: Immediately wash with plenty of soap and water for 15 minutes. Remove contaminated clothing.

INHALATION: If inhaled, supply fresh air. If breathing becomes difficult, call a physician. In case of unconsciousness, place patient on side for transportation. If not breathing, give artificial respiration.

INGESTION: If swallowed, induce vomiting. Get immediate medical attention. Consult a physician.

5.0 FIRE FIGHTING MEASURES

Large fires should be fought with water or alcohol-resistant foam. Firefighters should wear protective equipment and self-contained breathing apparatus. As with most organic solids, fire is possible at elevated temperatures or by contact with an ignition source.

6.0 ACCIDENTAL RELEASE MEASURES

Use eye protection, gloves, and apron. Implement appropriate precautions to minimize direct contact with skin or eyes and prevent inhalation of dust.

Clean up: Sweep up, place in bag, and hold for disposal. Ventilate area and wash site after material is picked up.
