

PBS-Only Uni-rAb™ Antibodies

Carrier-free recombinant monoclonal antibodies developed using Proteintech's Antigen-Specific B-Cell Cloning & Engineering (ABCE™) platform to ensure optimal expression and performance.

- ✔ **No BSA**
- ✔ **No Sodium Azide**
- ✔ **No Glycerol**
- ✔ Excellent specificity and high affinity
- ✔ High purity and lot-to-lot consistency
- ✔ Suitable for various downstream applications including conjugation and mass cytometry
- ✔ Available in 100µg size at 1mg/mL
- ✔ Target-specific capture and detection antibody pairs available
