This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

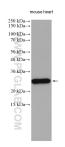

## Selected Validation Data

Immunohistochemical analysis of paraffinembedded mouse heart tissue slide using 14978-1-AP (AK1 antibody) at dilution of 1:200 (under 10x lens. Heat mediated antigen retrieval with Tris-EDTA buffer (pH 9.0).

mouse heart lysates were subjected to SDS PAGE followed by western blot with 14978-1-AP (AK1 antibody) at dilution of 1:1500 incubated at room temperature for 1.5 hours.
