## FFAR2 Polyclonal antibody

Catalog Number: 19952-1-AP

Featured Product

26 Publications

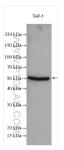

Basic Information	Catalog Number: 19952-1-AP	GenBank Accession Number: NM_005306	Purification Method: Antigen affinity purification	
	Size:	GeneID (NCBI):	Recommended Dilutions:	
	150ul , Concentration: 600 ug/ml by Nanodrop; Source: Rabbit Isotype: IgG	2867	WB 1:500-1:1000 IHC 1:50-1:500	
		UNIPROT ID:		
		015552		
		Full Name: free fatty acid receptor 2 Calculated MW:		
		Observed MW: 50 kDa, 37 kDa		
	Applications	Tested Applications:	Positive Controls:	
WB, IHC, ELISA		WB: THP-1 cells, pig liver tissue		
Cited Applications: WB, IHC, IF, IP		IHC : human spleen tissue, human colon tissue		
Species Specificity: human, pig				
Cited Species: human, mouse, rat, pig				
Note-IHC: suggested antigen TE buffer pH 9.0; (*) Alternati retrieval may be performed v buffer pH 6.0		vely, antigen		
Background Information	Free fatty acid receptors (FFAR) play significant roles in various physiological processes through interaction with their ligands, fatty acids. Free fatty acid receptor 2 (FFAR2, also known as FFA2 or GPR43) is a receptor for short- chain fatty acids (SCFAs) and plays a role in the regulation of whole-body energy homeostasis and intestinal immunity (PMID: 12684041). It has been considered a therapeutic target for metabolic and inflammatory condition (PMID: 23589301). FFAR2 has a calculated molecular weight of 37 kDa and can be glycosylated. The higher apparent molecular weight of 50 kDa has been reported, probably due to glycosylation (PMID: 31707282; 28131568).

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

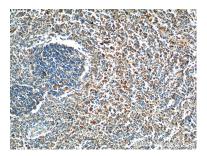

## Selected Validation Data

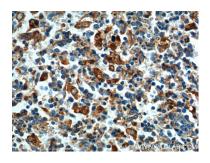

THP-1 cells were subjected to SDS PAGE followed by western blot with 19952-1-AP (FFAR2 antibody) at dilution of 1:800 incubated at room temperature for 1.5 hours.

THP-1 cells were subjected to SDS PAGE followed by western blot with 19952-1-AP (FFAR2 antibody) at dilution of 1:600 incubated at room temperature for 1.5 hours.

Immunohistochemical analysis of paraffinembedded human spleen tissue slide using 19952-1-AP (FFAR2 Antibody) at dilution of 1:100 (under 10x lens).

Immunohistochemical analysis of paraffinembedded human spleen tissue slide using 19952-1-AP (FFAR2 Antibody) at dilution of 1:100 (under 40x lens).
