For Research Use Only

OTC Polyclonal antibody Catalog Number:26470-1-AP 7 Publications

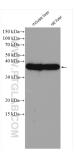

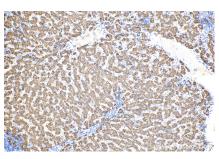

Basic Information	Catalog Number: 26470-1-AP	GenBank Accession Number: BC074745	Purification Method: Antigen affinity purification	
	Size: 150ul , Concentration: 900 ug/ml by Nanodrop; Source:	GenelD (NCBI): 5009	Recommended Dilutions: WB 1:500-1:3000 IHC 1:300-1:1200	
				UNIPROT ID:
		P00480		
		Rabbit	Full Name: ornithine carbamoyltransferase	
	lsotype: IgG			
	Immunogen Catalog Number: AG24186	Calculated MW: 354 aa, 40 kDa		
		Observed MW:		
		36-40 kDa		
	Applications	Tested Applications:	Positive Controls:	
WB, IHC, ELISA		WB: mouse liver tissue, rat liver tissue		
Cited Applications: WB, IF		IHC : human liver cancer tissue,		
Species Specificity: human, mouse, rat				
Cited Species:				
	human, mouse			
	human, mouse Note-IHC: suggested antigen I TE buffer pH 9.0; (*) Alternati retrieval may be performed w buffer pH 6.0	vely, antigen

For technical support and original validation data for this product please contact:T: 1 (888) 4PTGLAB (1-888-478-4522) (toll freeE: proteintech@ptglab.comin USA), or 1(312) 455-8498 (outside USA)W: ptglab.com

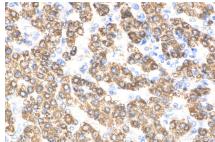

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

Selected Validation Data

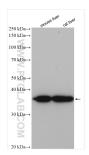

Various lysates were subjected to SDS PAGE followed by western blot with 26470-1-AP (OTC antibody) at dilution of 1:1500 incubated at room temperature for 1.5 hours. Immunohistochemical analysis of paraffinembedded human liver cancer tissue slide using 26470-1-AP (OTC antibody) at dilution of 1:600 (under 10x lens). Heat mediated antigen retrieval with Tris-EDTA buffer (pH 9.0).

Immunohistochemical analysis of paraffinembedded human liver cancer tissue slide using 26470-1-AP (OTC antibody) at dilution of 1:600 (under 40x lens). Heat mediated antigen retrieval with Tris-EDTA buffer (pH 9.0).

Various lysates were subjected to SDS PAGE followed by western blot with 26470-1-AP (OTC antibody) at dilution of 1:6000 incubated at room temperature for 1.5 hours.
