For Research Use Only NDFIP2 Polyclonal antibody Catalog Number: 32043-1-AP

Basic Information	Catalog Number: 32043-1-AP	GenBank Accession Number: NM_019080.2	Purification Method: Antigen affinity Purification
	Size: 150ul , Concentration: 850 ug/ml by Nanodrop; Source: Rabbit Isotype: IgG Immunogen Catalog Number: AG36480	GeneID (NCBI): 54602 UNIPROT ID: Q9NV92 Full Name: Nedd4 family interacting protein : Calculated MW: 36kDa 336aa Observed MW: 39 kDa	Recommended Dilutions: WB 1:1000-1:8000
Applications	Tested Applications: WB, ELISA Species Specificity: human	Positive Controls: WB : A431 cells, K-562 cells	
Background Information	NDFIP2 (Nedd4 family interacting protein 2) is a gene encoding a membrane-anchored adapter protein involved in a variety of cellular processes. It regulates protein ubiquitination and degradation by binding to the Nedd4 family of E3 ubiquitin ligases.NDFIP2 has a wide intracellular distribution, including the Golgi, mitochondria, and perinuclear region of the cytoplasm. Its function involves negative regulation of gene expression, negative regulation of protein transport, and positive regulation of protein ubiquitination. In addition, NDFIP2 is associated with a variety of diseases, such as supratentorial ventricular meningiomas in children. In the cardiovascular field, NDFIP2 affects cardiac electrophysiologic function by regulating the degradation of hERG potassium channels. It is also involved in the immune response, affecting T cell function by regulating cytokine signaling pathways. In oncology, NDFIP2 has been found to affect the antiviral response by targeting IFITM3.		
Storage	Storage: Store at -20°C. Stable for one year aft Storage Buffer: PBS with 0.02% sodium azide and 50	% glycerol pH 7.3.	
*** 20ul sizes contain 0.1% BSA	Aliquoting is unnecessary for -20 $^{\circ}$ C s	torage	

For technical support and original validation data for this product please contact: T: 1 (888) 4PTGLAB (1-888-478-4522) (toll free E: proteintech@ptglab.com in USA), or 1(312) 455-8498 (outside USA) W: ptglab.com

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

## Selected Validation Data

Various lysates were subjected to SDS PAGE followed by western blot with 32043-1-AP (NDFIP2 antibody) at dilution of 1:4000 incubated at room temperature for 1.5 hours.
