## FOXO1 Monoclonal antibody

Catalog Number:66457-1-lg Featured Product 9 Publications

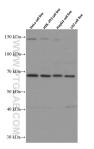

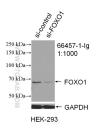

Basic Information	Catalog Number: 66457-1-lg	GenBank Accession Number: BC021981	Purification Method: Protein G purification	
	Size:	GenelD (NCBI):	CloneNo.:	
	150ul , Concentration: 1300 ug/ml by	2308	1D9A2	
	Nanodrop and 1000 ug/ml by Bradford method using BSA as the standard;	<sup>d</sup> UNIPROT ID: Q12778	Recommended Dilutions: WB 1:1000-1:6000	
	Source: Mouse	Full Name: forkhead box 01		
	lsotype: IgG1	Calculated MW: 655 aa, 70 kDa		
	Immunogen Catalog Number: AG13296	Observed MW: 70 kDa		
Applications	Tested Applications: WB, ELISA		Positive Controls:	
	Cited Applications: WB, IF, CoIP	WB : HeLa cells, SMMC-7721 cells, HEK-293 cells, HepG2 cells, L02 cells		
	Species Specificity: human			
Background Information	Cited Species: human, mouse FOXO1, also named as FOXO1A, FKH	R and FKH1, is a member of the F	OXO subfamily of Forkhead transcription	
Background Information	<ul> <li>FOXO 1, also named as FOXO 1A, FKHI factors. FOXO 1 is a transcription factor interacts with LRPPRC and SIRT 1. In the regulation of CDKN1B levels which are contains three predicted protein kinastication in the predicted protein kinastication of the predicted protein kinasticat</li></ul>	or which acts as a regulator of cel ne presence of KIRT1, FOXO1 me re required for cell transition fror se B phosphorylation sites (Thr-2 the variant t(1;13) translocations	ll responses to oxidative stress. FOXO1 diates down-regulation of cyclin D1 and up- n proliferative growth to quiescence. FOXO1 24, Ser-256, and Ser-319) that are conserved in 5 generate PAX3/FKHR and PAX7/FKHR fusion	
	human, mouse FOXO 1, also named as FOXO 1A, FKHI factors. FOXO 1 is a transcription factor interacts with LRPPRC and SIRT 1. This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

## Selected Validation Data

Various lysates were subjected to SDS PAGE followed by western blot with 66457-1-Ig (FOXO 1 antibody) at dilution of 1:3000 incubated at room temperature for 1.5 hours. WB result of FOXO1 antibody (66457-1-1g; 1:1000; incubated at room temperature for 1.5 hours) with sh-Control and sh-FOXO1 transfected HEK-293 cells.
