For Research Use Only

ENOSF1 Recombinant antibody

Catalog Number:83769-2-RR

Purification Method:

CloneNo.:

240796D2

Protein A purification

Recommended Dilutions:

WB 1:2000-1:10000

Basic Information

Catalog Number: GenBank Accession Number:

83769-2-RR BC001285

GeneID (NCBI): Size: 100ul, Concentration: 1000 ug/ml by 55556

Nanodrop: **UNIPROT ID:** Q7L5Y1 Rabbit Full Name:

Isotype: enolase superfamily member 1

IgG Calculated MW: Immunogen Catalog Number: 50 kDa

AG34665 Observed MW:

49 kDa

Applications

Tested Applications: WB, FC (Intra), ELISA

Species Specificity:

human

Positive Controls:

WB: HeLa cells, K-562 cells, MCF-7 cells

Background Information

ENOSF1 (Mitochondrial enolase superfamily member 1) is also named as RTS and TYMSAS. The ENOSF1 gene, responsible for encoding the protein mitochondrial enolase superfamily member 1 (ENOF1), exhibits three distinct isoforms. One of these isoforms has been identified as an l-fuconate dehydratase, actively participating in the catabolism of L-fucose, a sugar integral to the carbohydrate composition of cellular glycoproteins (PMID: 38203276). The ENOSF1 transcript has been shown to act as antisense RNA and inhibit TYMS expression (PMID: 35931051).

Storage

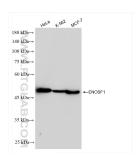

Store at -20°C. Stable for one year after shipment.

PBS with 0.02% sodium azide and 50% glycerol pH 7.3.

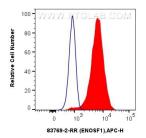

Aliquoting is unnecessary for -20°C storage

*** 20ul sizes contain 0.1% BSA

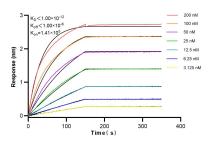

Selected Validation Data

Various lysates were subjected to SDS PAGE followed by western blot with 83769-2-RR (ENOSF 1 antibody) at dilution of 1:5000 incubated at room temperature for 1.5 hours.

1x10^6 Hela cells were intracellularly stained with 0.25 ug ENOSF1 Recombinant antibody (83769-2-RR, Clone:240796D2) and APC-Conjugated Goat Anti-Rabbit 1gG(H+L)(red), or 0.25 ug Isotype Control (blue). Cells were fixed with 4% PFA and permeabilized with Flow Cytometry Perm Buffer (PF00011-C).

Biolayer interferometry (BLI) kinetic assays of 83769-2-RR against Human ENOSF1 were performed. The affinity constant is below 1 pM.
