

For Research Use Only

Integrin alpha 11 Recombinant antibody, PBS Only

Catalog Number: 84695-1-PBS

Basic Information

Catalog Number:

84695-1-PBS

Size:

100ug, Concentration: 1 mg/ml by Nanodrop;

Source:

Rabbit

Isotype:

IgG

GenBank Accession Number:

NM_001004439

GeneID (NCBI):

22801

UNIPROT ID:

Q9UIK5

Full Name:

integrin, alpha 11

Calculated MW:

133 kDa

Observed MW:

170 kDa

Purification Method:

Protein A purification

CloneNo.:

241351B7

Applications

Tested Applications:

WB, Indirect ELISA

Species Specificity:

human, mouse

Background Information

The integrins are a superfamily of cell adhesion receptors that bind to extracellular matrix ligands, cell-surface ligands, and soluble ligands (PMID: 17543136). They are transmembrane $\alpha\beta$ heterodimers and at least 24 distinct integrin heterodimers are formed by the combination of 18 α and eight β known subunits (PMID: 17543136; 20029421). In addition to mediating cell adhesion, integrins also play important roles in modulating signal transduction pathways that control cellular responses including migration, proliferation, differentiation, and apoptosis (PMID: 19118207). Integrin alpha 11 (ITGA11) combines with the beta 1 subunit (ITGB1, CD29) to form a cell-surface receptor for collagen. This receptor is involved in cell migration and collagen reorganization on mesenchymal nonmuscle cells (PMID: 11518510). It is also involved in the regulation of myofibroblast phenotypic differentiation during fibrotic diseases (PMID: 29147013).

Storage

Storage:

Store at -80°C.

Storage Buffer:

PBS Only

W: ptglab.com

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

Selected Validation Data

Various lysates were subjected to SDS PAGE followed by western blot with 84695-1-RR (Integrin alpha 11 antibody) at dilution of 1:1000 incubated at room temperature for 1.5 hours. This data was developed using the same antibody clone with 84695-1-PBS in a different storage buffer formulation.
