Recombinant human FRZB protein

Form: Available lyophilized Available lyophilized Available lyophilized Available lyophilized Available lyophilized Available lyophilized Available lyophilized Human Structure Biological Activity: Via Vetexicus Survey Network (CS) (CS PEANTAGADE PM05S)/NCNAC RASS SERCE CRYPTAT DACADE PM05S/NCNAC RASS SERCE RAS	Basic Information	Catalog Number: Ag14403	Peptide Sequence: VPGARAAACEPVRIPLCKSLPWNMTKMPNHLHHSTQ
Purility Devolution Devolution Purity Biological Activity: Not tested Endotwin Level: Please contact the lab for more information Devolution Reconstitution and Storage Reconstitution with sterile water for short-term storage. Shipping: The product is shipped at ambient temperature. Please contact the lab for more information Reconstitution and Storage Reconstitution with sterile water for short-term storage. Shipping: The product is shipped at ambient temperature. Please contact the lab for more information Purity Reconstitution with sterile water, if glycerol has no effect in subsequer to reperiments, it is recommended to ad an equal volume of glycerol for long-term storage (see Stability and Storage for more details). If a different concentration is needed for your purposes please adjust the reconstitution with sterile water full water full water full recovery of the protein into solution. Shipping: The product is shipped at ambient temperature. The product is shipped at the reconnended temperature (see below). Purity 85%, by SDS-PAGE with Coomassie Brilliant Blue staining. The purified protein was lyophilized from sterile PBS (SBm Na2HPO4, 17m NaH2PO4, 68m NaCL, pH7A), 5 % trehalose and 5 % mannitol are added as protectant before lyophilization. The elution buffer contain 300mM imidazos. Stability and Storage Storage of Reconstituted Protein Storage (Sare 12 °C for for up to 3 montis, reconstituted on with sterile water and addition of an equal		Form: ANAILAIEQFEGLLGTHCSPDLLFFLCAMYAPI Available lyophilized QHEPIKPCKSVCERARQGCEPILIKYRHSWPE LPVYDRGVCISPEAIVTADGADFPMDSSNGN	
human Select Activity: Constitution Expression Source: e cold-derived, PET28a, with N-terminal 6*His. Briogral Activity: Not tested Endowini Level: Please contact the lab for more information (27-325 as encoded by BC02785) Endowini Level: Please contact the lab for more information Reconstitution Reconstitution: After reconstitution with sterile water, if glycerol has no effect on subsequent experiments, it is recommended to add an equal volume of glycerol for long-term storage (cee Stability and Storage for more details). The product is shipped at ambient temperature (see below). Purity 85%, by SDS-PAGE with Coomassie Brilliant Blue staining. Storage for up to 12 months at -20°C to -80°C as lyophilized powder. Storage of Reconstituted Protein Store for up to 12 months at -20°C to -80°C for up to 3 months, reconstituted Protein Store are quad volume of an equal biling of an equal
