## FOR IN VITRO RESEARCH USE ONLY. NOT FOR USE IN HUMANS OR ANIMALS.

## Recombinant human RANBP10 protein

| Basic Information                   | Catalog Number:   | Peptide Sequence:   |   |
|-------------------------------------|---|---|---|
| basic information                   | Ag15387   | YPGSPSLSPRHGPSSSHMHNTGADSPSCSNGVASTKS<br>KQNHSKYPAPSSSSSSSSSSSSSSSSSSSSSSSSSSSSSSSSSS |   |
|                                     | Form:   |   |   |
|                                     | Available lyophilized   |   |   |
|                                     | Species:  |   |   |
|                                     | human   |   |   |
|                                     | Expression Source:  |   |   |
|                                     | e coliderived, PGEX-4T, with N-terminal GST.  |   |   |
|                                     | Biological Activity:  |   |   |
|                                     | Not tested Endotoxin Level:   |   |   |
|                                     |   |   | Please contact the lab for more information |
|                                     | Reconstitution  | Reconstitution:   | Shipping:                                   |
| and Storage                         | Reconstitute at 0.25 $\mu g/\mu l$ in 200 $\mu l$ sterile water for short-term  | The product is shipped at ambient temperature.  |   |
| and Storage                         | storage.<br>After reconstitution with sterile water, if glycerol has no effect  | Upon receipt, store it immediately at the   |   |
|                                     | on subsequent experiments, it is recommended to add an  | recommended temperature (see below).  |   |
|                                     | equal volume of glycerol for long-term storage (see Stability   |   |   |
|                                     | and Storage for more details).  |   |   |
|                                     | If a different concentration is needed for your purposes please<br>adjust the reconstitution volume as required (please note: the |   |   |
|                                     | ion concentration of the final solution will vary according to  |   |   |
|                                     | the volume used).   |   |   |
|                                     | Note: Centrifuge vial before opening. When reconstituting,<br>gently pipet and wash down the sides of the vial to ensure full     |   |   |
|                                     | recovery of the protein into solution.  |   |   |
| Desites                             | 90%, by SDS-PAGE with Coomassie Brilliant Blue staining.  |   |   |
| Purity                              | 3070, by 303 FAGE with coornessic brittine bloc summe.  |   |   |
| Formulation                         | The purified protein was Lyophilized from sterile PBS (58mM Na2HPO4,17mM NaH2PO4, 68mM NaCl, pH8.). 5 %                           |   |   |
|                                     | trehalose and 5 % mannitol are added as protectant before lyophi  | lization. The elution buffer contain 100mM GSH.                                       |   |
| Stability and Storage               | Store for up to 12 months at -20°C to -80°C as lyophilized powder.  |   |   |
| Storage of                          | Short Term Storage:   |   |   |
| Storage of<br>Reconstituted Protein | Store at 2-8°C for (1-2 weeks).   |   |   |
| Reconstituted Protein               | Long Term Storage:  |   |   |
|                                     | Aliquot and store at -20°C to -80°C for up to 3 months,<br>reconstitution with sterile water and addition of an equal             |   |   |
|                                     | volume of glycerol. Avoid repeat freeze-thaw cycles.  |   |   |
| Selected Validation Data            |   |   |   |
