Recombinant human EHD1 protein

Size: IARUMYMVRGEESUMPSQVVKCGAPDOTINK 50 µg Form: Available lyophilized Species: human Expression Source: e coll-derived, PGEX-4T, with N-terminal GST. Biological Activity: Not tested Prease contact the lab for more information Shipping: Reconstitution: Reconstitution: Reconstitution: Reconstitution with sterile water for short-term storage. Shipping: After reconstitution with sterile water, if glycerol has no effect on subsequent experiments, it is recommended to add an equal volume of glycerol for long-term storage (see Stability and Storage for more details). Shipping: Previous Storage After reconstitution with sterile water, if glycerol has no effect on subsequent experiments, it is recommended to add an equal volume of glycerol for long-term storage (see Stability and Storage for more details). The product is shipped at ambient tempera- ure (see below). Purity 85%, by SDS-PAGE with Coomassile Brilliant Blue staining. Storage of Formulation The purified protein into solution. Store for up to 12 months at -20°C to -80°C as lyophilized powder. Stability and Storage Store for up to 12 months at -20°C to -80°C as lyophilized powder.	Basic Information	Catalog Number: Ag18400	Peptide Sequence: FPSLRKMQELLQTQDFSKFQALKPKLLDTVDDMLAND
Profe Available typphilized Species: human Expression Source: excid-derived, PGEX-41, with N-terminal GST. Biological Activity: Nate Seed Nate Seed Endotexin Level: Press contact the lab for more information Press contact the lab for more information Reconstitution Reconstitution at 0.25 µg/µl in 200 µl sterile water for short-err range. Press contact the lab for more information After reconstitution with sterile water, if glycerol has no effect on concentration with sterile water, if glycerol has no effect on concentration of the final solution with vary according to the volume used. The product is shipped at ambient empger volume of glycerol for long-term storage (see Stability and storage for more details). The product is shipped at ambient empger volume of glycerol for long-term storage (see Stability and storage for more details). The product is shipped at ambient empger volume of glycerol for long-term storage (see Stability and storage for more details).
