## FOR IN VITRO RESEARCH USE ONLY. NOT FOR USE IN HUMANS OR ANIMALS.

## Recombinant human C19orf62 protein

| Basic Information                   | Catalog Number:   | Peptide Sequence:   |
|-------------------------------------|---|---|
|                                     | Ag27459   | SSPTEEEEEEEHSAEPRPRTRSNPEGAEDRAVGAQA                        |
|                                     | Size:   | SVGSRSEGEGEAASADDGSLNTSGAGPKSWQVPPPA                        |
|                                     | 50 µg   | PEVQIRTPRVNCPEKVIICLDLSEEMSLPKLESFNGSKT                     |
|                                     | Form:   | NALNVSQKMIEMFVRTKHKIDKSHE<br>(7-143 aa encoded by BC000788) |
|                                     | Available lyophilized   | (7-145 aa encoded by BC000788)                              |
|                                     | Species:  |   |
|                                     | human   |   |
|                                     | Expression Source:  |   |
|                                     | e coliderived, PGEX-4T, with N-terminal GST.  |   |
|                                     | Biological Activity:  |   |
|                                     | Not tested  |   |
|                                     | Endotoxin Level:  |   |
|                                     | Please contact the lab for more information   |   |
|                                     | Reconstitution:   | Shipping  |
| Reconstitution                      | Reconstitute at 0.25 $\mu$ g/ $\mu$ l in 200 $\mu$ l sterile water for short-term   | Shipping:<br>The product is shipped at ambient temperature. |
| and Storage                         | storage.  | Upon receipt, store it immediately at the                   |
|                                     | After reconstitution with sterile water, if glycerol has no effect  | recommended temperature (see below).                        |
|                                     | on subsequent experiments, it is recommended to add an equal volume of glycerol for long-term storage (see Stability  |   |
|                                     | and Storage for more details).  |   |
|                                     | If a different concentration is needed for your purposes please   |   |
|                                     | adjust the reconstitution volume as required (please note: the  |   |
|                                     | ion concentration of the final solution will vary according to<br>the volume used).   |   |
|                                     | Note: Centrifuge vial before opening. When reconstituting,  |   |
|                                     | gently pipet and wash down the sides of the vial to ensure full   |   |
|                                     | recovery of the protein into solution.  |   |
| Purity                              | 85%, by SDS-PAGE with Coomassie Brilliant Blue staining.  |   |
|                                     |   |   |
| Formulation                         | The purified protein was Lyophilized from sterile PBS (58mM Na2HPO4, 17mM NaH2PO4, 68mM NaCl, pH8.). 5 %<br>trehalose and 5 % mannitol are added as protectant before lyophilization. The elution buffer contain 100mM GSH. |   |
|                                     |   |   |
| Stability and Storage               | Store for up to 12 months at -20°C to -80°C as lyophilized powder.  |   |
| Storage of                          | Short Term Storage:   |   |
| Storage of<br>Reconstituted Protein | Store at 2-8°C for (1-2 weeks).   |   |
|                                     | Long Term Storage:  |   |
|                                     | Aliquot and store at -20°C to -80°C for up to 3 months, reconstitution with sterile water and addition of an equal  |   |
|                                     | volume of glycerol. Avoid repeat freeze-thaw cycles.  |   |
|                                     |   |   |
| Selected Validation Data            |   |   |
|                                     | $\begin{array}{c} 74 \text{ kDa} \rightarrow \\ 66 \text{ kDa} \rightarrow \end{array}$   |   |
|                                     |   |   |
|                                     | 43 kDa→   |   |
